Wed Jan 14 6:30pm Heard Museum 2301 N. Central Ave **The Women of the West** Sandra Day O'Connor & Anna Maria Chávez, moderator; Cheryl Dell, Publisher, The Sacramento Bee. When we think of the Wild West, we think mostly of men--the cowboys and outlaws immortalized in film, TV, radio, and on the page. But the West was a place where women could bend, break, and stretch the rules, too. By 1914, nearly every state west of the Mississippi had granted women suffrage; it took 3 more years for any eastern state to enfranchise them. The West took the lead when it came to divorce statutes (and instituting no-fault divorce), as well as in the election of women to higher offices: In 1999, Arizona swore in an unprecedented five women to top executive positions. Are gender roles more flexible in the West? Have women had different opportunities here than in other regions? Former Supreme Court Justice Sandra Day O'Connor and Girl Scouts of the USA CEO Anna Maria Chávez--both native Arizonans--discuss what it means to be a Western woman. <https://events.r20.constantcontact.com/register/eventReg?oeidk=a07ea2bw89518cf46a2&oseq=&c=&ch=>

Wed Jan 21 5:30-7:30pm Microsoft 60 E Rio Salado Pkwy **All About SharePoint Lists** David Kvitka. get the basics about this powerful tracking and collaboration element in SharePoint 2013 eskaggs@outlook.com
